

Attorney Docket No. 103864.700 RI1

PATENT/OFFICIAL

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Reissue Application of :
Christopher J. LASHER, et al. :
U.S. Patent 5,771,657 :
Reissue Application: 09/608,013 :
Filed: June 30, 2000 :

FOR: AUTOMATIC PRESCRIPTION FILLING, SORTING AND PACKAGING SYSTEM

As a below-named inventor, I hereby declare that:

My residence and Post Office Address (labeled "Address" in the signature blocks) and
Citizenship are as stated below next to my name, and that:

I/We verily believe that I/We am/are the original first and joint inventor of the
invention entitled AUTOMATIC PRESCRIPTION FILLING, SORTING AND PACKAGING
SYSTEM, described and claimed in the specification filed on herewith, that I have reviewed
and understand the contents of the specification, including the claims, as well as the claims
referred to in this declaration.

My original U.S. Patent 5,771,657, which matured from serial number 08/646,016
is partly inoperative or invalid by reason of claiming less than and more than I had the
right to claim through error. In addition, this is a broadening reissue application.

Original claim 4 was too broad. Claim 4 has been narrowed to recite
"corresponding to the prescription order," "assembly mechanism," and "bottle removing
mechanism."

Every error in the patent which is being corrected in the present reissue application, and
which is not covered by any prior oath and/or declaration submitted in this application, arose
without any deceptive intent on the part of the applicant and inventors during prosecution of the
original application which matured as U.S. Patent No. 5,720,154.

No factual basis is required establishing how the errors occurred under 37 C.F.R. § 1.175.

I/We hereby declare that all statements made herein of my/our own knowledge are true
and that all statements made on information and belief are believed to be true; and further that

these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

I/We hereby acknowledge the duty to disclose to the United States Patent and Trademark Office all information known to be material to patentability as defined in 37 C.F.R. § 1.56.
